262 ------------------------For
170 ------------------------Against
12 -------------------------Abstain
1 --------------------------Void

665 ballots were sent out.

Resolution:

This faculty condemns the present offensive military operations conducted by American armed forces in Laos and Cambodia and we insist that all offensive air, ground and naval operations in Southeast Asia be unilaterally suspended and that our armed forces be withdrawn from the theater at an accelerated rate so that all of our armed forces will have been evacuated by July 1, 1971.
