2) Functions.

a) Policy recommendations. The Committee shall make a continuing study of student discipline policies and procedures and shall make recommendations to the faculty for subsequent Regent action from time to time. The Committee shall designate official faculty observers at any hearings on student conduct. Arrangements shall be made to guarantee that these observers will be able to attend all hearings and have access to all records that the Committee deems pertinent, in order to report on the procedures and make recommendations.

b) Appeals. The Committee shall hear and decide cases of appeals from disciplinary actions imposed by the highest student court in which a decision may be had, as provided in the Student Court Constitution.

Pending appeal, any penalty imposed by the authority appealed from will be in force, except that the Committee may in its discretion stay such penalty upon petition.

The Committee shall establish procedures for conducting a prompt, fair and orderly review.
