ANNUAL REPORT OF THE AWARDS & RECOGNITION COMMITTEE

1970-1971

Upon recommendation by the UWM Codification Committee, the UWM Senate on April 9, 1970, approved the establishment of an Awards and Recognition Committee (see Faculty Document No. 577, April 9, 1970). With this action, the following committees were merged: The Knapp Professorship Committee, The Stickney Scholarship Committee, The Uhrig Award Committee and the UWM representatives of the Kiekofer-Steiger Awards Committee. This newly created Committee also was charged with the handling of "any other awards which might come up in the future" (Preamble to Faculty Document No. 577).

Since funds for the Knapp Professorship and for Stickney Scholarships will no longer be available after the current academic year and since no new awards have come up, the Awards and Recognition Committee had the following two primary responsibilities during 1970-71:

1. Selection of UWM nominees for the All-University Kiekofer-Steiger Memorial Awards for excellence in teaching.

2. Selection of the winner(s) of the Edward and Rosa Uhrig Memorial Award for Excellent Teaching.

The Committee fulfilled these responsibilities by conducting a total of five meetings (October 13, November 17, December 10, 1970; February 9, March 2, 1971).
