REVISED VERSION OF FACULTY RESOLUTION ON PARKING

Be it resolved that the following statements relative to faculty parking be transmitted by the Secretary of the Faculty to the Board of Regents of the University of Wisconsin:

Since parking of employees' personal vehicles at the expense of employers has been increasingly adopted by progressive employers as a sound and necessary part of their personnel policies, and

Since other institutions of higher education such as the Wisconsin State Colleges and Marquette University do not charge their faculty and staff for the privilege of parking, and

Since the establishment of fee parking would tend to aggravate already strained public relations with the community by adding faculty cars to those of the students on the streets of the neighborhood, and

Since there is already ample parking space for the faculty on the Kenwood Campus if properly policed;

It is the consensus of this faculty that the acquisition, development and policing of such parking facilities are a part of the general needs of the University of Wisconsin—Milwaukee that should be provided by the University of Wisconsin, and

Since on Saturday, October 18, 1958, the Board of Regents in deciding on the principle of paid parking in Milwaukee overlooked one of the oldest traditions of the University of Wisconsin; namely, that the Regents do not act on questions seriously affecting the faculty without having an official expression of faculty opinion on the subject at hand, and

Since adherence to this tradition for the University of Wisconsin—Milwaukee is especially important at this time because, as a newly formed unit of the University of Wisconsin, it is highly desirable that the best traditions of the University apply at the University of Wisconsin—Milwaukee, and

Since the faculty in Milwaukee has expressed itself as opposed to fee parking,

Now, therefore, be it resolved that we respectfully request the Board of Regents to reconsider its policy of fee parking for the faculty and the staff.
