ANNUAL REPORT OF THE UWM LIBRARY COMMITTEE

1970-71

The Library Committee held five meetings during the academic year 1970-71 and took the following actions:

1. Approval of revised circulation policy for faculty members.

2. Re-affirmation of the principle of a centralized library at UWM.

3. Acceptance of Acting Director Moritz's report on the development of Stage II of the Central Library and expression of unanimous agreement that it did not conflict with the principle of centralization of the Library collection.

4. Formulation of recommendations concerning the Library collection in Science Complex after examining the statistics relating to the use of the new facility and considering the generally adverse comments of faculty and student patrons, these recommendations to be submitted to the UWM Senate for action.

(Further documentation on these actions is available in the Office of the Secretary of the Faculty.)

RECOMMENDATIONS

The Library Committee recommends

1. Re-affirmation of the principle of a centralized library collection.

2. Expeditious return of the collection presently housed in the Science Complex to the Central Library because of the generally adverse nature of the comments received by the Library staff.

3. Re-allocation of the space assigned to the Library in the Science Complex to other purposes.
