The Faculty Senate Calendar Committee recommends that the final sentence of Chapter 31.03 (2) be clarified to read as follows:

A quorum of 15% of the voting faculty members of the current academic year is required for any special meeting.

Replacing the following:

"A quorum of 15% of the faculty members recorded on the first day of class instruction, with the figure rounded off to within five of a workable number, is required for any special meeting."
