ANNUAL REPORT OF THE ARCHIVES COMMITTEE, 1971-72

The Archives Committee has done these things during the academic year 1971-72:

1. Discussed with UWM Archivist Don Woods the various problems encountered in obtaining archival records from the various UWM departments and agencies.

2. Passed two resolutions pertaining to the confidentiality of records: (i) that the archivist use his judgment in restricting access to materials of a confidential nature housed in the University archives; (ii) that the foregoing motion is predicated on the assumption that an outside agency whether governmental or private has no authority to view raw personnel files although it may ask factual questions concerning records of employment.

3. Heard a report on the initial meeting of the all-UW Archives Council in Madison, 11/30/72, and with respect to questions brought about by the merger expressed the following views: (i) that it would be appropriate for Extension programs administered in Milwaukee, or with headquarters in Milwaukee, to deliver archival materials to the UWM archivist; and (ii) that it would be desirable if there could be a visible archives collection and a faculty archives committee on each UW campus.
