The Library Committee met five times during the academic year. The Committee took the following actions:

(1) Unanimously approved the following resolution (10/1/71): "The Library Committee supports the Director's professional judgment to return portions of the Science Complex Library holdings to the central Library and to retain them at the central Library. We believe this decision to be in accordance with faculty policy favoring a central library, as expressed in the Faculty Senate resolution of May 18, 1971. We concur in the Director's view that sub-dividing Library of Congress schedules would cause considerable confusion for users of the Library and considerable expense to the Library."

(2) Approved several revisions of the circulation policy for UWM faculty (10/1/71).

(3) Authorized an ad hoc committee to consider several requests to use the Pound letters in the Special Manuscripts Collection (12/3/71).

(4) Approved semester loan privileges for teaching assistants (12/3/71), but denied a request by the Federation of University Assistants for periodical loan privileges (2/11/72).

(5) Agreed to cooperate with a prospective "RAP" program (2/11/72).

(6) Unanimously approved the following resolution (4/14/72): "The Library Committee expresses its pleasure at having worked with Mr. Roselle over the past year, and expresses the belief that the Library will continue to prosper under his direction."

In addition, the Committee heard reports from the Library Director on the Science Complex Library; on the Library's policy on blanket book orders; on the improved reserve desk procedures; on the Library's photocopying service; on the new facilities for interlibrary loans; and on Stage II of the Library building.

Members of the Library Committee attended the March 5 ceremonies marking the fifth year of occupancy of Stage I and the acquisition of the one millionth bibliographic item.
