ANNUAL REPORT OF THE LIBRARY COMMITTEE, 1972-73:

The Library Committee met nine times during the 1972-73 academic year. Included were a special meeting with members of the Department of Mathematics and an open hearing for faculty and students on the question of centralized vs. decentralized library facilities at UWM. The result of these meetings was a report (Faculty Document 759) which was submitted to the Faculty Senate at its meeting on February 6, 1973.

The Library Committee also took the following actions:

1. It endorsed the recommendation made by the Library Addition Building Committee that no food or drink vending machines be installed in the UWM Library.

2. It recommended that in conjunction with the consolidation of collections the Library Committee review the circulation policies of the Library in the fall of 1973.

3. It reviewed and approved of a self-administered program for instruction in the use of the Library involving an audio cassette tour.

4. It approved of a statement and procedures devised by the Library to be used in retrieving overdue library materials from delinquent faculty members.
