Annual Report of the Committee on Student Conduct--1973

The two basic functions of the Committee on Student Conduct are:

(1) To make a continuing study of student discipline policies and to make recommendations to the faculty for subsequent Regent action from time to time; to designate official observers at any hearings on Student Conduct.

(2) To hear appeals and decide cases of appeals from disciplinary actions imposed by the highest student court in which a decision may be had.

The results of a survey on student disciplinary procedures conducted in the previous year were distributed to the Committee members and were also submitted to the University Committee which in turn referred the matter to the Academic Affairs Committee.

No specific cases were presented to the Committee for adjudication.
