Annual Report of the
Committee on Student Conduct
1973-74

The Committee on Student Conduct has two functions:

(1) To make a continuing study of student discipline policies and procedures and to make recommendations to the faculty for subsequent Regent action from time to time; and to designate official observers at any hearings on Student Conduct.

(2) To hear and decide cases of appeals from disciplinary actions imposed by the highest student court in which a decision may be had, provided in the Student Court Constitution.

The Committee on Student Conduct met five times between September and March of the 1973-74 academic year. Three appeals cases were brought before the Committee as noted below:

(1) The case of C. A. Gray vs. USG and UPB was dismissed since the student was no longer enrolled.

(2) In the second case, Sanders vs. USG, Wexler, et al., the appellant withdrew the appeal following a hearing before the Committee.

(3) In the third case, Black Student Union vs. Bill Volz, USG Treasurer, the Committee voted to send the case back to the Student Court for retrial. This decision was based on information received from the Secretary of the University Board of Regents to the effect that the Student Court had acted illegally in assessing a fine in the case.

The Committee reviewed the UWM Document on Academic Dishonesty drafted by the Codification Committee and forwarded its recommendations to the University Committee.

The Committee also reviewed the manner in which student representatives are selected. The Committee felt that a conflict of interest arose in the two appeals involving the University Student Government since all four students occupy a post in USG and were on its payroll. The matter was referred to the University Committee which recommended that the students disqualify themselves when hearing a case involving USG. In correspondence to the Chancellor and to the chairperson of this Committee, the president of USG criticized this action.
