RECOMMENDATION FOR CHANGES IN SECTIONS 6.05 (2) AND 6.18
OF UWM LAWS AND REGULATIONS

Preamble

At the UWM Faculty Senate meeting of February 14, 1974 parts of Faculty Documents 818A and 825 were withdrawn for further discussion. In the "Laws and Regulations Governing the University of Wisconsin," the code formerly governing UWM, it was stated that the President of University Student Government appoints students to standing faculty committees. As a de facto procedure, however, the President of University Student Government prepared a slate of nominees, who were then appointed by the Chancellor.

This same wording appears in the "UWM Laws and Regulations" and the purpose of this recommendation is to bring the code into conformity with practice. This recommendation is reasonable and fair, since the Chancellor appoints some faculty members to standing faculty committees from a slate of nominees prepared by the Nominations Committee. Furthermore this recommendation specifies that both the President of University Student Government and the Nominations Committee must prepare a list of recommendations containing at least two names for each vacant position to be filled by an appointment by the Chancellor. In the case of the Athletic Board the President of University Student Government directly appoints two student members and recommends four student members to the Chancellor, who appoints two from the list of nominees.
