Recommendation of the University Committee that Chapter 6.01, UW Laws and Regulations and Chapter 3.01, UWM Laws and Regulations, be changed as follows:

Existing:

6.01 Establishment of Faculty Divisions. Each unit faculty shall establish an appropriate number of divisions of faculty members in related subjects of teaching and research, independent of colleges, schools and departments. Each academic department and school shall be a member of at least one division. Each division shall have an Executive Committee whose chairman shall also serve as chairman of the divisional faculty.

Proposed:

6.01 Establishment of Faculty Divisions. Each unit faculty shall establish an appropriate number of divisions of faculty members in related subjects of teaching and research, independent of colleges, schools and departments. Each academic department, non-departmentalized school, college, or division, or any other unit in which tenure is granted shall be a member of at least one division. Each division shall have an Executive Committee whose chairman shall also serve as chairman of the divisional faculty.

Existing:

3.01 Faculty Divisions. Divisions of faculty members in related subjects of teaching and research, independent of colleges, schools and departments, are: (1) Arts and Humanities; (2) Natural Sciences; (3) Professions; (4) Social Sciences. Each academic department and non-departmentalized school shall be a member of at least one division. Each division has an Executive Committee whose chairman also serves as chairman of the divisional faculty.

Proposed:

3.01 Faculty Divisions. Divisions of faculty members in related subjects of teaching and research, independent of colleges, schools and departments, are: (1) Arts and Humanities; (2) Natural Sciences; (3) Professions; (4) Social Sciences. Each academic department, non-departmentalized school, college, or division, or any other unit in which tenure is granted shall be a member of at least one division. Each division has an Executive Committee whose chairman also serves as chairman of the divisional faculty.

Rationale:

Because the Legislature overrode the Governor's veto of 36.15(2m) of the Merger Bill, Librarians may now be given rank and tenure. Presently the Library does not belong to a Division. The recommended amendment will not only make it possible for the Library to join a Division, but will require that they do so.
