Functions and Membership: The functions of the Committee are described in the Rules and Regulations Governing the University of Wisconsin--Milwaukee (AS-5.224) as follows: "To confer and recommend concerning matters of educational policies of the University of Wisconsin--Milwaukee. The Committee shall not in any way curtail nor supplant the present powers and duties of the University Committee--Milwaukee. The Committee is empowered to report recommendations either to the University Committee--Milwaukee or to the Faculty directly." Three faculty members are elected annually and three student representatives are appointed by the student government.

Activities of the Committee 1958-59: At its four meetings the Committee was principally concerned with the question of listing the names of teachers along with the courses they teach in the Timetable. Following conferences with the Dean of Student Affairs and the Assistant Secretary of the Faculty, the Committee recommended to the Junior Administrative Committee through the office of the Secretary of the Faculty, that the experiment of including names of instructors for all non-sectioned courses in the Timetable be tried for the second semester of the year 1959-60.
