These may include: no-contact directives, academic or work modifications, and relocation of living or working space.
B. Amnesty for Students

UWM will exempt students from disciplinary action or UWM Police citations for underage alcohol and/or other drug use violations when students are seeking help for themselves or others and the following conditions are met:

1. The student seeks police/rescue assistance or assistance from UWM staff for someone who is overly intoxicated and/or impaired due to drugs and/or alcohol, or is the victim of sexual violence, and

2. The student seeking such assistance remains on scene and cooperates with emergency personnel and/or UWM staff. This includes providing any requested information to the extent the student is capable of doing so, and

3. The student who is the subject of any request for assistance cooperates with emergency personnel to the extent the student is capable of doing so.

C. Confidentiality

Individuals, including victims, who report to any of the offices or individuals noted above, or to any other university employee, except those noted as a confidential employee above, cannot be assured absolute confidentiality. However, information provided in the report and in any subsequent, related proceeding will be maintained in a confidential manner; only those individuals who have a need to know to fulfill obligations consistent with university policies or laws will be privy to information relating to the report.

D. Prompt and Equitable Resolution

The offices and individuals responding to a report of sexual harassment or sexual violence pursuant to this policy will endeavor to resolve the matter in a prompt and equitable manner in accordance with the applicable procedures, taking into consideration the nature and complexity of the report and procedural due process requirements. The complainant and the respondent will be advised of any delays that occur during the process.

E. Potential Sanctions

The procedures identified below provide for disciplinary action against anyone found responsible for violating this policy. The nature of the disciplinary action will be based on the preponderance of the evidence presented during the disciplinary process, and will take into account several factors, including the nature and severity of the incident, the affiliation of the respondent with the university, and any past disciplinary history of the respondent. For students, sanctions may include, but are not limited to, restrictions on a course or program, probation, suspension, or expulsion. (Section UWS 17.10 provides a more comprehensive list of potential sanctions against students.) For employees, sanctions may range from training requirements to dismissal from employment.
F. Notice of Outcome

H. Intentionally False Information

Any person who makes intentionally false statements or provides intentionally false information when reporting an alleged violation of this policy or during the course of any disciplinary proceeding pursuant to this policy is subject to disciplinary action. The fact that a complaint did not result in a finding of wrongdoing will not by itself be a basis for determining that this provision has been violated. Alleged violations of this provision should be reported to the Title IX Coordinator.

VIII. TITLE IX ROLES AND DUTIES

A. Title IX Coordinator

The duties of the UWM Title IX Coordinator are described in the institutional position description. Those duties include: receiving reports of sexual violence and sexual harassment; maintaining appropriate records; providing or supporting the provision of appropriate education and training; maintaining ongoing communication with any Deputy Title IX Coordinators and the Title IX Working Group; ensuring that applicable policies, resources, and other information is up-to-date and properly disseminated. The duties of the Title IX Coordinator will be guided by principles of trauma-informed care.

B. Deputy Title IX Coordinators (also “Title IX Deputies”)

Disclosing information to a Victim Advocate will not lead to a Title IX investigation, unless a complainant so requests. A Victim Advocate will not report personally identifiable information concerning a disclosure of sexual harassment or sexual violence received by that individual in their professional capacity unless with the consent of the disclosing individual or required by law. Under Wisconsin law, communications between a victim and a victim advocate providing services to victims of sexual assault, interspousal battery, and domestic abuse are subject to an advocate-victim privilege and will be treated as such at UWM. Communications concerning other violations of this policy will be treated as confidential by UWM but may not be fully protected from disclosure in external legal proceedings.

E. Title IX Investigators

Staff within two offices investigate sexual violence allegations. For allegations involving student respondents, the Dean of Students Office investigates these allegations. For situations involving allegations against employees, affiliated individuals, and visitors, the Office of Equity/Diversity Services investigates these allegations. These offices may investigate jointly for allegations against student employees.

F. Hearing Officers/Committee

For allegations against students, a hearing officer or hearing committee may ultimately conduct a hearing pursuant to Wis. Admin. Code. Ch. UWS 17. A hearing officer is a UWM employee who has been trained to conduct student nonacademic misconduct hearings and is also trained specifically in cases involving sexual violence.
