

Alternative Education Add-On Certification

The Wisconsin Department of Public Instruction (DPI) has authorized the Department of Educational Policy and Community Studies (EPCS) to offer an add-on teacher certification in alternative education.

- *Obtain your DPI Alternative Education License #952*
- *Take courses on students at risk*
- *Courses offered online or in the classroom*
- *Courses offered year round*

ED POL 534 Students at Risk (Causes)

- Identify and apply those criteria used by DPI, State of Wisconsin to the "at-risk" population
- Document and identify contextual factors that contribute to "student at-risk" status
- Become familiar with the vocabularies and theories surrounding students placed at risk
- Determine conflict and anger issues associated with "at-risk students"

ED POL 535 Educating At-Risk Students

- Examine successful instructional techniques for "at-risk students"
- Assess the efficacy of different programs and alternative settings for "at-risk students"
- Articulate a personal philosophy relating to teaching students placed at risk
- Develop new research-based educational strategies for "at-risk students"
