11:30 - 1:30 pm

MSOE

Kern Athletic Center
1245 N. Broadway

FIVE SATURDAYS
February 7 - March 7, 2009

MEDICINE

The health care industry is one of the fastest growing employment sectors. You will participate in "hands-on" activities at the Medical College of Wisconsin that include CPR, blood pressure testing, and conducting physical examinations. Learn about summer enrichment programs held at the Medical College of Wisconsin, Marquette University and the University of WI-Milwaukee.

ENGINEERING

Do you enjoy problem solving, helping people and figuring out how things work? Then you will enjoy this interactive session coordinated by MSOE staff and students. You will have an opportunity to learn more about helping people through new products, designing and building cars, making 3D models of images, and have the opportunity to design your own building and barge.

DENTISTRY

The profession of dentistry involves both art and science. Your visit to Marquette University School of Dentistry will include an opportunity to have some hands-on experiences in dental procedures, as well as discuss careers in dentistry with dental students and faculty members. You will also receive information on Marquette University's Health Careers Programs.

ARCHITECTURE

You have seen the various types of buildings in Milwaukee and other cities. Experience the architectural design process by working in teams on a juried design project. Team leaders are current UWM architecture students, practicing architects and staff. You will also tour the facilities and see examples of the work of architecture students.

LAW

The popularity of television shows such as Law and Order have placed a lot of attention on the legal profession. Marquette University Law School students in conjunction with area attorneys will help you discover what a career in law is really all about. You will participate in law career activities and learn how to prepare for acceptance into law school.

INSIDE MEDAL

MEDAL encourages high school students to participate in highly informative and motivational series of career workshops conducted by experienced professionals and college students majoring in these fields. The **MEDAL** series consist of five consecutive Saturday sessions. This annual career exploration series is **FREE** and made available to motivated students who receive free or reduced lunch and are interested in pursuing college.

What's in it for you? **MEDAL** can help lead you to a rewarding future! Give us your time and interest in exploring the many exciting and satisfying career options in the fields of Medicine, Engineering, Dentistry, Architecture and Law. A Parents' Workshop, held during the Kick-Off Session, will provide parents with important information about pre-college programs, college admission procedures and applying for college financial aid.

MEDAL

- Each Saturday morning, an exciting activity is hosted at the site of a participating college or university.
- Morning refreshments are provided. A pizza luncheon and ice skating event concludes the **MEDAL** series.

TRANSPORTATION

Bus tickets will be provided to any student who wishes to use the Milwaukee County Transit System. Please complete the Transportation Information at the top of page 4. One bus ticket will be mailed to your home in your MEDAL acceptance letter. All other tickets will be distributed at subsequent sessions. **PLEASE NOTE:** You are not obligated to use the bus service. If it is more convenient for you to go directly to the site, feel free to do so.

THINGS TO DO:

1. Complete the Application on pages 3 and 4.
2. Obtain a copy of your transcript or grade report.
3. Return pages 3, 4 and your transcript in the attached envelope or the address provided on page 4.
4. Retain pages 1 and 2 for your records.

THAT'S IT!

**IN CASE OF BAD WEATHER (ICE/SNOW/COLD)
PLEASE CALL 414 229-4433 BY 7:30am
TO SEE IF THE SESSION WILL BE HELD**
