### Reading Logs

Sara and Josh turned in reading logs. Sara read 4 more hours than Josh. Sara read for 13 hours. How many hours did Josh read?

Answer 9

Explain your thinking in the box using pictures, numbers, or words.

I put 13 + 4  
circles and I counted  
the left ones

### Reading Logs

Sara and Josh turned in reading logs. Sara read 4 more hours than Josh. Sara read for 13 hours. How many hours did Josh read?

Answer 17

Explain your thinking in the box using pictures, numbers, or words.

A hand-drawn diagram illustrating the problem. The top row contains 13 circles. The bottom row contains 4 circles, followed by an equals sign and the number 17. This represents the equation 13 + 4 = 17.

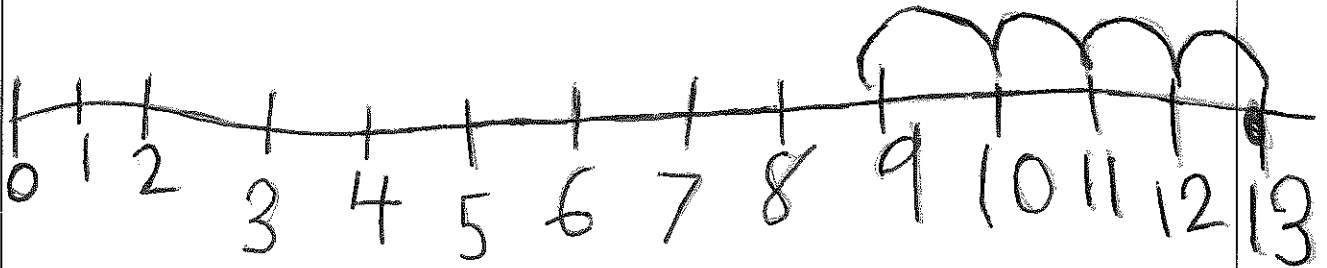

### Reading Logs

Sara and Josh turned in reading logs. Sara read 4 more hours than Josh. Sara read for 13 hours. How many hours did Josh read?

Answer 9

Explain your thinking in the box using pictures, numbers, or words.

### Reading Logs

Sara and Josh turned in reading logs. Sara read 4 more hours than Josh. Sara read for 13 hours. How many hours did Josh read?

Answer 9

Explain your thinking in the box using pictures, numbers, or words.

$$4 - 14 = 9$$
