

Grade 1 Spring MAP Constructed Response CCSSM alignment

Title: Reading Logs

Domain: Operations and Algebraic Thinking

Cluster: Represent and solve problems involving addition and subtraction.

Standards: 1.OA.1

Use addition and subtraction within 20 to solve word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions, e.g., by using objects, drawings, and equations with a symbol for the unknown number to represent the problem.¹

Standards for Mathematical Practice

#2 Reason abstractly and quantitatively

#4 Model with mathematics
